Description:

UNITEK USB Bluetooth 5.3 Adapter applies the latest Bluetooth 5.3+EDR adapter, Bluetooth low energy. With the enhanced Data Rate (EDR) support, It greatly improved the data transmission rate of Bluetooth technology and operates at the optimal rate of power consumption. It is backward compatible with Bluetooth 4.0/ 4.2/ 5.0/ 5.1/ 5.3 Dual-mode Bluetooth transfer.

Product Features:

- **Bluetooth 5.3 with EDR:** Supports data transfer rate up to 3Mbps.
- **Long Distance Coverage:** Supports up to 30M operating range.
- **Multi-device Connection:** UNITEK Bluetooth dongle for PC supports up to 7 devices to be connected at the same time without interfering with each other, Which means that you can listen to high-quality music while using the keyboard or other devices.
- **Compact Size:** Easy to carry around no matter you are travelling or on the go,
- **Plug and Play:** Plug and Play for Win 11/ 10/ 8.1, no need to install the driver. For Win 7, please download and install the driver at www.unitek-products.com.

Note: Mac OS, Window8/XP, Linux, Car System, and TV are not supported.
