The Luxury Aluminum USB Wall Charger

# High-Grade Unibody Aluminum Material Quality and Durability

## Aluminum

---

Aluminum, a common element used in the aerospace and automotive industries, is chosen by Just Mobile and mastered into refined elegant accessories. Through precise calculation and testing, from material selection, prototyping, CNC milling, to surface hardening and coloring processes, Just Mobile creates the highest quality products. Form and function are the ideals that we live by. Through mastery in aluminum, Just Mobile creates not only products, but design objects.
